SURGICAL SPECIALTIES & CLINICAL EXPERTISE

Brain Tumors in Adults
Craniopharyngiomas
Meningioma
Pituitary Tumors

Prolactinoma
Spinal Schwannomas
Spinal Tumors

Rupa Gopalan Juthani, M.D., is an award-winning neurosurgeon who specializes in tumors of the brain and spine. Dr. Juthani has expertise in a wide range of oncologic conditions including brain metastases, gliomas, and pituitary adenoma. Dr. Juthani also specializes in the treatment of spine tumors, including minimally invasive approaches and spinal radiosurgery. Dr. Juthani has unique training in laser surgery, radiosurgery, and robotic surgery, and is part of a multi-disciplinary treatment team that provides integrated care for her patients. Dr. Juthani sees patients at her office in Jackson Heights and performs surgery at NewYork-Presbyterian Queens in Flushing. She also has an appointment at NewYork-Presbyterian/Weill Cornell Medical Center in Manhattan.

TRAINING AND RESEARCH

Dr. Juthani received her Bachelor of Science degree from Duke University where she graduated magna cum laude and was elected to Phi Beta Kappa, and obtained her M.D. degree at the University of Virginia. She completed her residency in neurosurgery at the Cleveland Clinic and was named chief resident in her final year. Dr. Juthani received further training with a fellowship in neurosurgical oncology at Memorial Sloan Kettering Cancer Center in New York, where she also completed a two-year research fellowship focusing on

developing nanoparticle based therapies for glioblastoma and brain metastases. Dr. Juthani has presented her work at multiple national conferences and has published on a wide range of topics, including the use of laser interstitial thermal therapy for brain tumors, treatment of pituitary adenomas, and management of intramedullary spine tumors.
