

SRIKANTH BODDU, MS, MRCS, FRCR, MD

Assistant Professor of Radiology in Neurological Surgery
Weill Cornell Medicine Brain and Spine Center
Phone: 718-303-3739
Fax: 718-359-9081

SURGICAL SPECIALTIES & CLINICAL EXPERTISE

Endovascular Neurological Surgery
Interventional Neuroradiology
Stroke
Brain Aneurysm
Arteriovenous Malformations (AVMs)
Arteriovenous Fistulae (AVF)
Cerebral Vascular Disease
Spinal Vascular Malformations/DAVF
Carotid and Subclavian Stenosis
Intercranial Atherosclerosis
Cerebral and Spinal Angiogram
Balloon Test Occlusion

Dural Venous Sinus Stenting
Pseudotumor Cerebri / IIH
Venous Pulsatile Tinnitus
Kyphoplasty/Vertebroplasty
Vertebral Compression Fractures
Facet Joint Injections/ Nerve Root Block
Presurgical Tumor Embolization
Intra-arterial Chemotherapy
Chronic/Recurrent Subdural Hematoma
Petrosal and Parathyroid Venous Sampling
WADA Testing
Image-Guided Procedures

Dr. Srikanth Boddu is an experienced interventional neuroradiologist whose areas of clinical expertise include acute stroke and the treatment of cerebrovascular disorders such as aneurysms, AVMs, fistulae, carotid stenosis, and tumor embolization. Dr. Boddu also specializes in venous sinus stenting for pseudotumor cerebri and venous pulsatile tinnitus; kyphoplasty/vertebroplasty for vertebral compression fractures in patients with osteoporosis and multiple myeloma; radio-frequency ablation for vertebral metastasis; and intra-arterial chemotherapy for cancer patients. Dr. Boddu sees patients and performs surgery at NewYork-Presbyterian/Queens and Weill Cornell Medical Center.

TRAINING

Dr. Boddu earned his MBBS medical degree from JSS Medical College in Mysore, India, in 2002. He completed a surgical residency in 2006, radiology residency in

2010, and Interventional Neuroradiology fellowship in 2012 at Queens Medical Center, the first purpose-built teaching hospital in United Kingdom and the largest of its kind in Europe. He was board-certified by both the Royal College of Surgeons, Edinburgh, and the Royal College of Radiologists, London. Dr. Boddu was awarded the Certificate of Completion of Specialist Training by General Medical Council, UK, the highest medical training in the United Kingdom, in 2012. Dr. Boddu moved to the United States and completed ACGME diagnostic neuroradiology fellowship at Emory University in Atlanta, followed by three years of Interventional Neuroradiology fellowship at NewYork-Presbyterian and Weill Cornell Medicine. In 2017 Dr. Boddu earned M.D. degree conferral by the New York State Board of Regents.

RESEARCH

Dr. Boddu's research interests include neuroprotection and recanalization in acute ischemic stroke, radiation safety, tumor embolization, venous sinus stenting, aneurysm flow diversion, and management of unruptured cerebral arteriovenous malformations. Dr. Boddu won the prestigious "Anu Dhamera" regional award in 2008 for his research on predictors of hemorrhagic presentation and management of cerebral arteriovenous malformations (AVMs). He also shared the "Roentgenfest" regional award in 2011 for research on subarachnoid hemorrhage. Dr. Boddu has presented his research at several national and international meetings and published his research in multiple peer-reviewed journals, including the *Journal of Neurointerventional Surgery*, *American Journal of Neuroradiology*, *Clinical Imaging*, and *PLoS One*. He has also co-authored book chapters on AVMs, intracranial tumors, and venous intracranial interventions.

CLINICAL LOCATIONS

NewYork-Presbyterian/ Weill Cornell	NewYork-Presbyterian/ Queens	NewYork-Presbyterian Medical Group Queens
1305 York Avenue, 9th floor (at 70th Street)	56-45 Main Street Flushing, NY 11355	112-05 Queens Boulevard Forest Hills, NY 11375
New York, NY 10021		

Weill Cornell Medicine

Brain & Spine Center

Weill Cornell Medicine
